

POST 80X80 WP

Post 80x80 is our strongest post for partition wall and is compatible with all panel types. It can be used in the whole installation or just for extra door support. The 80x80 post is available in the heights 2200 mm and 3000 mm. It can be cut in any height and can also be extended to any height using Extension bracket. The post can be attached to the ceiling using Top fixing.

The posts are supplied powder coated as standard with a grey RAL 7037 finish, however other RAL colours are available upon request. The posts can also be supplied in hot dip galvanized execution for external use or in cold storage areas.
